

Zaborin

Our Response to COVID-19

- We thoroughly sterilize the entire facility including the guest rooms and public spaces using alcohol solutions and hypochlorous acid water.
- We encourage our employees to wear face masks at all times in the facility.
- We require all of our guests to have their body temperature checked upon their arrival. Please kindly note that the guests who have a fever of over 37.5 degrees Celsius will not be allowed to stay in the facility.
- We regularly check the body temperatures of our employees and assess for symptoms such as coughing, tiredness and headaches.
